Telephone No. 42

TUESDAY, APRIL 18, 1899.

Boss Croker has not enjoyed the investigation of Tammany's way of administering affairs in New York City. In fact he thought the questions put to him were impertinent and got angry about it. He does not think it is any body's business if Tammany does rob the people through official channels.

The Charlestown Hoosier Democrat issued a "Presbyterian Ladies' Edition" last week which is quite creditable indeed. It gives a great deal of history connected with the development of the denomination in the south part of the state. Contains a history also of Hanover college. Prof. J. F. Baird and Rev. B. W. Tyler assisted in getting out the edition.

The season of the year is approaching when the residents of the city will need to be more careful about disposing of slops and garbage. Carelessness in these matters means uncleanness, which means the endangering of the health of the community. Carelessness on the part of one family may result in sickness and death in the family of a neighbor. Let every one begin right this season.

POLITICAL BREVITIES.

Chas. G. Covert, of Evansville, has been appointed supervisor of the census for the First Indiana District by Congressman Hemenway.

Strong Endorsements

Dr. Mary E. Green, president National Household Economics Association, member American Medical Association, member American Public Health Association, author of "Food Products of the World," writes from Charlotte, Mich.: "The excellence of Pabst Malt Extract is not unknown to me, as I have used it professionally for years, always with the most satisfactory results. For mothers nursing their children and for general debility from any cause, I regard it as of especial value, as it combines both tonic and nutrient properties, which make it truly the 'Best Tonic.'"

"I recently prescribed Pabst Malt Extract, The 'Best' Tonic, to three of my patients, all of whom were ladies, and all of whom were suffering from dyspepsia and its consequences, and in all these cases it acted like a charm. Two of them bought more of the tonic, and continued to take it, until now they tell me they can eat anything, without the slightest inconvenience. They have certainly improved wonderfully in weight and strength. I have prescribed your 'Best' Tonic a great number of times. It is one of the best, if not the very best, of its kind."

Brought Sleep

A Veritable Restorative which Contains no Harmful, Dangerous Drugs. Wonderful Beneficial Results Obtained from

Dr. Miles' Nervine.

When the marvelous system of nerve centers, nerve fibres and ganglia which pervades every portion of our bodies, becomes deranged so as to interfere with the functions of the various organs, the vitality is lowered, the health is destroyed, and even life itself is seriously endangered. A medicine that will strengthen and invigorate the shattered nerves, rest the weary body and soothe the tired brain is greatly to be desired. Such a medicine is Dr. Miles' Restorative Nervine. It is a nerve food and tonic which acts directly on the nervous system, toning it up into sound and vigorous action.

Rev. Geo. W. Stone, of Windom, Minn., writes as follows: I was greatly troubled with nervousness and inability to sleep, which condition was brought on from overwork and consequent neglect to properly care for my health. I had suffered from severe headaches for two months previous to the breakdown but had concentrated all my will power to finish a series of special meetings which I had in charge. A friend advised me to take Dr. Miles' Restorative Nervine and I began its use together with Nerve and Liver Pills, and I am pleased to say I found in these remedies just the help I wanted. The first night after I began using them I slept soundly all night and in the morning I felt so much better that I was greatly encouraged. In a few weeks I was enjoying exceptional freedom from my old troubles. My wife was seriously troubled with heart pains and weakness resulting from female disorders. She took Dr. Miles' Heart Cure and found it just the thing to relieve the palpitation, and to tone up the action of the heart. We do not hesitate to recommend the Dr. Miles' Remedies as all that is claimed for them, and we use them in our family whenever necessity requires."

"About two years ago I was troubled with nervousness and sleeplessness which was caused by overwork. I tried all the doctors in the city but could get nothing that would give me relief. Then I went to my druggist and he recommended that I try Dr. Miles' Restorative Nervine. I bought a bottle and was surprised at the good results obtained. I continued taking this medicine until I had used five bottles and by that time my trouble was completely cured." MARK HARRISON, Syracuse, N. Y.

"For seven years I suffered with nervous prostration, severe headache and inability to sleep. I lost my ap-

petite, my weight ran down and I was unable to do any work or scarcely to move about. Several doctors attended me but their medicines gave me very little if any relief. One day a friend recommended that I try Dr. Miles' Nervine and Nerve and Liver Pills. I did so and before the first bottle was gone I felt much better. At the end of three months I was able to do all my house work, could sleep at night as I used to, and am now seldom troubled with headache.

MRS. SARAH WALTERS, Rock Springs, Wyo.

Dr. Miles' Nervine will positively cure headaches of long standing, and is exceedingly beneficial in all those run down conditions of the system which result from overwork or lack of proper nourishment.

NO ARMED LABORERS

Will Be Allowed to Enter the Alexandria Glass Factory. Says Governor Mount—Carter Harrison to Be Invited to Address Indiana Democratic Editors—Other State News.

New York, April 18.—The American Bible society has appointed Rev. W. R. Henderson, D.D., as its field agent for Illinois, Indiana and Wisconsin. MARRIAGE

Which Caused the Liberalizing of Peru's Laws on the Subject.

Greencastle, Ind., April 18.—F. A. Hazletine, editor of the South Bend (Wash.) Journal, is visiting relatives here. His wife is the daughter of Mrs. Thomas B. Woods, who recently came here from Lima, Peru. Mr. Hazletine has traveled extensively in South America. He came into considerable prominence two years ago in connection with his marriage to Miss Wood, then a Methodist missionary in Peru. The law of that country did not permit the marriage of Protestants, but the ceremony, however, was performed and a vigorous fight was made to legalize it. Mr. Hazletine enlisted the aid of the press of the United States, and the representatives of the American, British, French and German governments finally united in a note to the Peruvian authorities demanding a reform in the marriage law. As a result of the agitation, Peru now has a liberal law, permitting marriage by the civil authorities.

ARMED LABORERS

Indiana's Governor Says They Shall Not Come Into the State.

Indianapolis, April 18.—Governor Mount announces that he will not allow armed laborers to be brought into Indiana to work in the Alexandria glass factory or any place else. He made this statement in speaking of a conference which he had with W. L. Kann, president of the American plateglass works of Alexandria. Governor Mount said: "I told Mr. Kann that he should not bring armed laborers into the state. I will not allow it. If there is any armament to be done I shall do it myself. If he should attempt to do it, as the labor commissioners say he has threatened to do, I shall order the authorities to arrest every one of such men. I am not going to have any such condition of affairs at Alexandria as existed at Pana, Ills."
